

# Innovation

## Who Would Benefit

Anyone trying to improve quality, reduce errors or create system efficiencies in their team or department.

## Course Overview

Delegates will learn how to take a radical and creative approach to generating new ideas to overcome entrenched challenges, improve inefficient or costly processes. Delegates will examine the sources of innovative ideas and break systems down to their separate parts to pinpoint the blockages, hurdles and gaps. Delegates will explore different creative thinking techniques to forge fresh ideas that deliver game changing improvements.
