

The Principles of LEAN Workshop

Who Would Benefit

This workshop would benefit anyone who is looking to learn the core principles of continuous improvement and understand how this way of thinking can be applied to the way in which they operate on a day-to-day basis.

Course Overview

Delegates will be introduced to the concept of LEAN thinking, looking at how the elimination of waste and effective management of resources is vital if a business is to be successful and sustain a competitive advantage. This interactive, lively and challenging workshop will also explore how delegates can use creative techniques for generating new ideas or overcoming blockages to innovation.
